

PRESS RELEASE

25th January 2010

Chiltern International Fire expands Fire Behaviour team

Chiltern International Fire (CIF) has appointed **Terry Wentworth** to the position of Senior Technical Officer in its Fire Behaviour section. He will report to Section Leader **Philip Howard**.

Mr Wentworth brings more than 20 years' experience in the off-site construction sector to the role, created to respond to growing demand for reaction to fire testing. Formerly Technical Liaison Manager for Terrapin Ltd, he led multi-disciplinary teams designing and manufacturing steel and timber-framed building systems.

Philip Howard said, 'Terry's understanding not only of building systems and components, but also of regulations and Building Control requirements, will be of value to the team.'

- For further information on reaction to fire testing with Chiltern International Fire please call 01494 569800 /email phoward@chilternfire.co.uk.
