

PRESS RELEASE

5th December 2011

Fire Doors Explained – February sold out already

Almost as soon as the 2012 details were released online, the 28th February date for Chiltern International Fire's one-day training course 'Fire Doors Explained' sold out. The CPD-certified seminar, which covers steel, composite and timber fire doors, has always proved popular, but this year's interest in the course has surpassed all expectations.

Deputy Technical Manager Mark Cummings said, 'Despite a difficult economic climate, the demand for training in this specialist area continues to increase. Fire Doors Explained provides an invaluable insight, serving a wide audience, from manufacturers, installers and designers of fire doorsets, to local authorities and building control inspectors.'

Further dates for 2012 are 17th April, 27th June, 19th September, 17th October and 21st November. The cost is unchanged at £310 + VAT (standard) with a discounted rate of £275 + VAT for TRADA and BM TRADA Q-Mark members. The course takes place at CIF's High Wycombe headquarters.

For provisional BM TRADA Q-Mark Fire Door Registered Installers, half-day seminars will take place on 29th February, 18th April, 28th June, 20th September, 18th October and 22nd November.

Book online at www.chilternfire.co.uk/training.
